SAFER BEHIND A MACHINE AT VMP THAN IN YOUR HOME?

You heard us right. Since production started at VMP in 1937, over ten million employee work hours have resulted with not one death on the job.

At VMP we're interested in production and progress, but not at the health of our employees. Money, time, and work go into the VMP safety program. Plant safety is no accident.

A note to Madison County High School Graduates: Career opportunities are available in certain manufacturing and clerical positions at VMP. We'd be happy to speak with you. Just telephone Guy B. Vick, Personnel Manager, at Orange 2651 for an appointment.
